

DERMACHIC GEL FOR STRETCH MARKS, CELLULITE, AND UPPER ARMS

Safe for all skin types and easy to use.
One treatment done twice a week for 3 weeks will
fade stretch marks and smooth away cellulite dimpling.

DermaChic generates Carbon Dioxide gas bubbles
that smooth stretch marks and the dimpled, orange peel
look caused by cellulite.

DermaChic Gel can be used safely anywhere on the body
and works well on all skin types. There is no discomfort or down
time from the DermaChic treatment.
